

This organisation is now **carbon neutral** covering the below stated emissions, in accordance with PAS2060

# Zen Internet

This certificate summarises the commitment to reduce carbon emissions year on year and offsetting the remainder via internationally recognised carbon offsets. This organisation has been assessed in line with PAS2060 and this statement of carbon neutrality has the following characteristics:

Valid for reporting period to:	30-Sep-2022
Scope 1 Emissions	358.00
Scope 2 Emissions	0.00
Scope 3 Emissions	15907.00
Total Carbon Offsets	16265.00
Scope:	Report compiled in accordance with the GHG Protocol (full scope inc. Scope 3)

This certificate certifies that the Energise has reviewed the reporting and action planned and assessed conformity with PAS2060 (the publicly available standard for Carbon Neutrality) for the above scope of emissions.
