## PRODUCT OVERVIEW

The NETGEAR N300 Wireless Router with USB is ideal for both professional and personal Internet use, providing Wireless-N speed for simultaneous downloads, voice and music, and online gaming. Storage for downloads is easy with ReadySHARE® for shared access to a USB storage device. NETGEAR Genie® CD-less installation enables easy dashboard control.

- **Faster downloads and online gaming** — Provides Wireless-N speed for simultaneous downloads, streaming voice and music and online gaming, in addition to basic Internet applications
- **Shared storage** — ReadySHARE® provides fast and easy shared access to an external USB storage device
- **NETGEAR Genie®** — CD-less installation makes setup for tablets, smartphones and computers easy and enables dashboard control to manage, monitor, and repair home networks
- **Live Parental Controls** — Keeps your Internet experience safe
  - Blocks unsafe Internet content and applications and can be managed from anywhere
  - Protects connected devices through the router such as PCs, gaming consoles, and iPod touch®
  - To learn more visit [www.netgear.com/lpc](http://www.netgear.com/lpc)
- **Guest network access** — Provides separate security and access restrictions for guests using the network
- **Broadband usage meter** — Monitors Internet traffic and sends customized reports to help keep costs under control
- **Jitter-free voice and gaming** — Automatic Quality of Service (QoS) for reliable Internet connections
- **Secured connection** — Push 'N' Connect ensures a quick and secure network connection
- **NETGEAR Green features** — Power and Wi-Fi on/off buttons and 80% recycled packaging

This product is packaged with a limited warranty, the acceptance of which is a condition of sale.

\*Basic technical support provided for 90 days from date of purchase.

<sup>1</sup>Maximum wireless signal rate derived from IEEE standard 802.11 specifications. Actual data throughput and wireless coverage will vary. Network conditions and environmental factors, including volume of network traffic, building materials and construction, and network overhead, lower actual data throughput rate and wireless coverage. NETGEAR makes no express or implied representations or warranties about this product's compatibility with any future standards.

<sup>1</sup>Works with devices supporting Wi-Fi Protected Setup® (WPS).
